**GLASS PACKAGING**

**ONLINE CATALOG**

Baharcam started its activities in 1965 in Eminonu, the first commercial area of Istanbul, in order to supply glass products to small businesses and households. In 1999, moved to Istoc Trade Center where is the largest trade area in Turkey.

The company, which has shown growth in a short time, has started manufacturing process and sending products to all over Turkey and then to all over the world. With its vision and mission, it has added everything related to glass packaging to the product portfolio, not only with glass products. For this reason, it has managed to become one of the most prominent glass packaging companies in Turkey.

Its purpose is to provide jars, bottles and closures to food manufacturer such as Jams, pickles, tomato paste, mayonnaise, honey, canned vegetables, fruit compotes, fruit juices, soda, water, milk, yoghurt drinks...

In accordance with the working standards, the company always take care of the customer in a friendly and warm manner and always aims to grow together with the companies they work with..
